The first section contains text formatting icons: Bold (B), Italic (I), Underline (U), Strikethrough (S), subscript (x₂), superscript (x²), bulleted list (≡), numbered list (≡), link (chain), and unlink (chain with X). The second section contains editing icons: Cut (scissors), Copy (document), Paste (document with plus), Undo (curved arrow left), and Redo (curved arrow right). The third section contains alignment icons: Left (≡), Center (≡), Right (≡), and Justify (≡). The toolbar is located at the top of a document editor window.

03. Please list three to five impact indicators that will be used by you to track the progress of the project. Indicators are used to measure outcomes of your activities. Indicators evaluate the success of activities that the project engages in. Please provide indicators which correspond to the goals of your project. (Maximum of 150 words)

## PROJECT EXECUTION

01. In the activity plan below, break down your project into the 5-8 most essential activities for executing the project. Describe each activity, indicate the length in months, and indicate the target for the output of each. Please be detailed in the description. (For instance, "visit target demographic and raise awareness about available health services" is a more complete response for an activity than "outreach." Activities should be listed in chronological order.)

### FUNDING PROJECT COST

1. Please upload your project budget, using the provided format. If you are requesting less than 100% of the total project cost from MA, please indicate which of the spending heads will be covered by the MA grant and which would be covered by alternative funding sources. Please do not modify the template or submit a budget in your own format. Please note that your funding request may not be granted in full. *Please download sample sheet fill it and then upload*

In case you need to submit additional info related to the budget, please add another worksheet to the same excel file and provide a detailed breakup. Please note that it is mandatory to fill the predefined format in sheet one of the excel sheet even if you are adding another sheet with detailed budget.
